HOW TO TELL

Pinch an inch of the nelect's fabric, preferably between the bottom two bottonholes. If you feel only two layers, that means the locket is fused: Since the interlining has been glacd to the exterior you will feel only the exterior and the inner frieng. If, however, you feel three layers, that means the jacket the nelect adding integrity and providing shape. What you're sensing is the factor, the exterior and the canyon their floating to between ill after performing this test you're still not sure, ask the salesman. And if he doesn't know what you're talking about, you're probably in the wrong store
